SB 5356	Criminal justice training commission	<u>C</u>	<u>0</u>	<u>0</u>	<u>X</u>	Dropping this one but I smell a rat. Changes from "sexual assault" to "gender based violence" sounds like the alphabet mafia is behind this.	
HB 2015	Tax measure protecting illegal aliens	<u>C</u>	<u>42</u>	<u>19</u>	<u>X</u>	PICT This bill is a trojan horse masquerading as a bill to support law enforcement. It creates a new 1% sales tax but it comes with a 1% reduction in the sales tax on food and clothing. This bill adds 4 more members to the reentry council which advises on felons being released. It is a very popular pursuit of Democrats to include people on these commissions and	This is a shameful and hypocritical proposal. I support current laws against it, but in the case of these revisions, the penalties are too low.
HB 1293	Littering	<u>?</u>	<u>0</u>	<u>20</u>	<u>X</u>	***Note*** Revisions to this bill leaves it with little resemblance to the original. It removes the task force but extends the deadline to provide plastic bags over 4 mil.	Our state has come to look like a land fill. A large part is the result of unabated drug addicts and drug camps but also disregard for the law and the consequences. Why the task force was not created is a mystery.
